front row left to right: Jan Nyhus, D J Morris, Jim Demro, Larry St. John, back row left to right: Rick Peters, Rich Whaley, Russel Clayton, Harold Collett, Don Delaney
Absent: Eugene Sande

A MESSAGE FROM THE PRESIDENT

Hello to all. First I would like to thank everyone for their encouragement and support to fill this position. I was only interested if everyone would continue to contribute as they had in the past. Your confidence in me is somewhat humbling. I hope I can live up to the expectation.

Next a big thank you goes to Don Delaney for his service and tireless effort in being the past President of the ISPA. The good news is that Don will continue being a part of the group as the new Central District Director. Our Vice President Harold Collett; is the recipient of the Howard Hart Award. Congratulations to Harold. I can think of no one more deserving of this. Harold is tireless in his efforts to serve this organization and our hobby. He is the one that comes up with innovative ideas, and challenges us to participate and make it a success.

Well, another ISPA show has come and gone. The feedback I've received has been nothing but positive. A big thank you goes out to some key people in the role they contribute every year. Jan & Lloyd Nyhus, Rick Peters, Dean Dirksen, Jerry Kern, Harold Collett, Don Delaney, our new editor Jim Demro, Rich Whaley, Cris & Jim Crandall, Eugene Sande, my wife Louise, also my support. I'm sure I've missed some and I apologize for that. Our ability to put on the best show in the country can only happen with the effort from those I've mentioned along with the breed clubs and fanciers from across the country. A big thanks to all of you!

As I sit here on a cold Jan. morning writing this, I'm hoping for some global warming in central Iowa. I'm getting anxious to put those pairs together and get started. Hoping you also have a good start in the upcoming breeding season.

Larry St John

The Empty Nesters

Hi Everyone!

We would like to introduce ourselves as your new editors of the Bulletin. We know that we have some big shoes to fill following in the foot steps of Harold & Diana Collett. We are Jim & Jolene Demro from Marengo, IA. Jim began raising pigeons when he was 5 years old, he has made it his hobby raising fantails, rollers, homing white pigeons, archangels, Chinese owls, and just recently has added Mini-Modenas to the group. I figured if I was ever going to see or do much of anything with my husband I might as well get involved. I am raising seraphims with the help of my husband Jim and have just recently began a business venture, "Love Is In The Air" White Bird Release for weddings.

Our family consists of 2 daughters, 2 sons & a son-in-law. With all of the children flying the coop this past year, we have become empty nesters. Jim is a self-employed dentist in Marengo, and I am employed by a local newspaper which is owned by the Des Moines Register. We will not be making any changes to the bulletin at this time, as we just want to get a feel for it all before we venture out with a new look.

We welcome your input, your letters to the editor. We would love to spotlight a member of the ISPA each newsletter, and also put together some sort of remember when corner.

This is a very great group of people that come together to form the ISPA and we are happy to be a part of you all.

If you would like to write to us or submit anything to the Bulletin, please submit to:
